from the general manager

Johnny Wilson

May is shaping up to be a very busy month at the Club. Mother's Day is May 13, so be watching your emails for the always popular Mother's Day Brunch menu. Lisa and her staff do an excellent job on the buffet.

If you are a beer drinker, make a note that we will be hosting a "beer tasting" Wednesday evening, May 16, in the 19th hole. This will be a chance to taste a variety of "strong" beers and consult with Lisa and Annette on which beers we will stock.

Lisa's cooking class is scheduled for Thursday, May 24. As we have mentioned before, this is more of a demonstration than a class. There are NOT any tests! It is a very casual, fun evening. Be looking for an email with the menu details.

Also, the arrival of May means it is time for the pool to open. The Club pool will open Saturday, May 26 for Memorial Day Weekend. We will be open Monday Memorial Day and be closed on Tuesday the 29th. We have all of our lifeguards hired and ready for summer!

On the golf course, the Third Annual LCC Shoot-Out Two-Man Scramble will be May 19th - 20th with a practice round on the 18th. The entry fee is \$400 per team.

The profit from this tournament benefits the Men's Golf Association, so please come out and support them. We also have a busy Monday scramble schedule for the month of May. Starting with Junior League on the 7th, Ambucs on the 14th, and Cameron Athletics on the 21st. We will also be hosting Law Day on Friday, May 11th.

We look forward to a busy May and an amazing start to summer! **{#472}**

golf course news

Bo Baize

April has been a busy month with plenty of mild weather to enjoy. These milder temps are great for golf, not as good for Bermuda. Once temperatures consistently reach 60 degree averages for the overnight lows, we'll really start to see the Bermuda wake up and perform.

The new drain lines are finished on numbers 9 and 13 respectfully. The trench lines have been seeded and fertilized, so please keep off of them until they are fully grown in.

We added concrete to the bridge leaving number 4 tee box to make it more cart and back friendly for those of you who ride the course.

Pro Golf Services is back on site to complete the warranty work on the irrigation system. They have started by butterflying the greens loops and are adding material to raise them all so they are more playable. After completing all of the greens loops, they will then move on to backfilling trenches, repairing drainage and anything else that is necessary to finish the job properly.

Special thanks go out to Chris Brown who spent an evening here aerifying tee boxes. By the time you read this we will also have held our annual member work day. I believe plans are in the works to spend it cleaning up the creek line north of the clubhouse. Let me go ahead and thank everyone here for your time and effort. It is greatly appreciated by me and the entire maintenance department.

We recently completed our first light verticut and top-dressing of the season on our greens. We also took advantage of some low wind days to spray all the fairways and par 3's with a fertility product (12-0-0 5Fe 2Mg) and also an herbicide, so we will get both the benefit of those areas greening up while at the same time eradicating the broadleaf weeds.

May looks to be a banner month for golf, highlighted by the MGA two-man scramble May 19 and 20. Be sure to sign up early and ready your game.

Thank you all for your efforts to reduce traffic by staying on cart paths as much as possible and away from greens, tees, and par 3's. If we continue to do this and then scatter traffic everywhere else, we will all have a much better product to play on and maintain. Also, thank you very much for repairing your pitch marks and divots. I can already see a difference and for this, I applaud you. See you on the course.

board minutes

The board held their monthly meeting Thursday, April 19. All committee reports were presented. The board voted to raise the limit for Individual Associate memberships from 30 to 60, subject to the discretion of the General Manager. There was further discussion of the membership drive. All members will be notified of the details in early May.
