from the general manager

Johnny Wilson

As you all know, October was an unseasonably wet month. In spite of this, we managed to get in all the golf events for the month. We started the month with the Goodwill Tournament and ended the month with the Classic Chevrolet of Lawton Fundraiser. In between, we had many others fantastic events highlighted by the Oklahoma Intercollegiate Golf Tournament hosted by the Cameron Women's golf team. It was a very exciting event. Some of you got to come out and see that these young women can really play golf. We look forward to hosting again next year.

Let's hope November is not as wet and we can keep up the 70 degree weather to enjoy some golf. I am sure many people are excited to get on the course if we get some nice fall weather.

With November, we begin the holiday season, starting with Thanksgiving. Please remember, if you do not want to prepare a big meal, the club will be happy to do the work for you. Lisa and her staff will once again be preparing Turkey dinners that are ready for cooking or warming. Your order needs to be in by Wednesday, November 14. The meals will be ready for pickup on Wednesday, November 21 (no later than 5:00). See the pink flyer in this mailing for all the details.

The club will close at 5:00 on Wednesday, November 21 and reopen on Friday morning, November 26.

We are already getting reservations for holiday parties, so check with Lisa for available dates for your Christmas gathering. Whether it's a company party or just a holiday meal with a group of friends, the club is a perfect place to celebrate.

Have a happy and safe Thanksgiving! **{#5002}**

golf course news

Bo Baize

October's weather was certainly a reminder that fall is here. Temperatures seemed to drop overnight and at the time of this writing we have already received over 5 inches of rainfall for the month.

Bermuda does not like overcast days and requires warmer temperatures to perform well. The combination of these two conditions has confused the plant into thinking about dormancy. While this is a little early, it is fine for now. However, it could become problematic if we experience an extended warm up followed by a cold snap. It is important that you golfers lower your impact to the weakened plant and saturated course by staying on the cart path as much as possible.

The fall pre-emergent application has been postponed due to rescheduling of tournaments and soggy conditions. We will get it spread as soon as the weather allows.

Please make a point of coming out and enjoying your course and club as often as possible. The number of nice days for outdoor activities will certainly decline as old man winter approaches. For those of you who do, I will see you all on the course.

board minutes

The Board of Directors met Thursday, October 18. All committee reports were presented. No significant action was taken. The next board meeting was scheduled for Thursday, November 15.
